Goal of the Game

Be the first player to "trap" a mouse by shading all eight boxes that surround it.

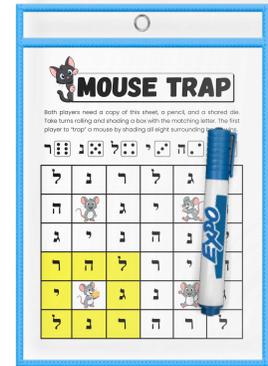

How to Play

Players take turns rolling the die and shading any box with the matching letter. In the example below, if a player rolls a two, they will shade in any box with a "hay."

The player must say the name of the letter they shaded before it becomes the next player's turn.

If a player runs out of boxes to shade, it becomes the other player's turn.

The game continues until one player "traps" a mouse by shading all eight boxes surrounding it.

Example of a "trap."
