THE AERODYNAMICS OF COLLABORATION

Annual Yeshiva/Day School Day of Learning

Meet-ups are opportunities for you to share and learn with other teachers in less formal settings. Participants do not need to register for these sessions, they can show up at any meet-up session that looks engaging to them.

The meet-up options fall into 4 categories

- Topical and playful groups – eg. Classroom management hacks
- Open ended sharing – Steal my idea.
- Office hours with presenters – meet with workshop facilitators to ask more questions.
- School Meetings – meet with your school colleagues to share and think about implementation.

If you have a meet-up idea, please get in touch with Judith Talesnick, jtalesnick@jewishedproject.org and we will try to add it to the options.

Breakfast and lunch will be served and will be Cholov Yisrael. We will be using Sharmel Caterers and their [kosher certificate can be viewed here](#).

Our menu will include vegan and gluten-free options.

Please note that Yeshiva of Central Queens is a nut-free facility.

THE AERODYNAMICS OF COLLABORATION

Annual Yeshiva/Day School Day of Learning

The Jewish Education Project prioritizes the health and safety of our community. We closely monitor CDC and local health authority's COVID-19 guidance, and follow those guidelines. Based on this guidance and honoring the varied policies that exist in our school communities, conference participants and presenters will be required to do one of the following:

- **Provide proof of a negative rapid Covid test. Details about test timing will provided at least one week before the conference.**

OR

- **Provide proof of vaccination against Covid-19.**

Masking is optional for all. These policies are subject to change, based on guidance from the above mentioned authorities.

THE AERODYNAMICS OF COLLABORATION

Annual Yeshiva/Day School Day of Learning

1. What accessibility accommodations will you have in place for the conference?

It is of utmost of importance that your needs are met. If you have any mobility issues the following accommodations will be available: Main entrance has a ramp, elevators access to each floor, accessible bathrooms, reserved spaces in the parking lot near the school ([please reach out in advance if you require a space to park in our small lot](#)), shuttle bus available from large parking lot to school.

2. Is there a dedicated space for nursing mothers?

Yes. Nursing mothers can use the room marked "Nursing Mothers Station" located on the Upper Level. (See Map).

3. What are the meet-ups? And who should attend?

Meet-ups are for everyone! In keeping with our theme of collaboration, use this dedicated time to network with colleagues, share ideas, take advantage of offices hours, and/or dig in a little deeper to a topic from the day.

4. What should I bring?

Just yourself! We will provide a kosher dairy breakfast and lunch, and have pens and paper available onsite. Extra Covid tests and masks will be available should you need it. Bring curiosity, openness, and an eagerness to collaborate!

5. Who should I contact if I have more questions regarding accessibility needs or any other aspect of the day?

If you have questions or need additional accommodations, please email Alana Hollander at ahollander@jewishedproject.org.
