

# טו בִּשְׁבַט מִגִּיעַ! Tu Bshevat is Coming!

Instructions for the teacher:

- The weather during Tu Bshevat can be very different depending on where you live. In some places, it may be windy and rainy in January, and some places may be cold and snowy. Our friends on the other side of the equator may be enjoying summer weather on Tu Bshevat.
- Cut up the snowpeople on the pages attached and encourage students (alone or in pairs) to put each snowman back into formation as one of the words from the word bank below.
