Jewish learning is intended to help us understand ourselves, our communities, and the world around us. Jewish wisdom, traditions, and culture are resources for navigating the joys and challenges of our daily lives, enabling all of us to thrive.

My Aspirations Playbook (MAP) for Jewish Learning & Living frames the way we think about Jewish education and guides the community in helping our children to develop a strong sense of self, belonging, responsibility, and spirituality. Deeply grounded in rich educational content, this vision enhances one's ability to live a meaningful life.

MAP, our vision of Jewish learning, empowers today's youth to explore, challenge, and grow with the support of Jewish educators, families, and communal stakeholders. Both detailed and far-reaching, this framework is designed for each educational community to lift from it what resonates with their beliefs. **MAP** allows parents and educators to reflect on what their children can achieve through a rich Jewish education during their most formative years and enables learners to understand why their Jewish education is important and relevant to who they are and how they can grow.

In this complex and challenging world, the work of Jewish education is more urgent than ever. **MAP** enables Jewish children to wrestle with all facets of Jewish wisdom, tradition, and values, helping them live a life of meaning and purpose.
