## DIY Sukkot Art Activities for Grades K-5: <br> Shapes and Numbers with Hebrew at the Center

Goals: Students will make their own Sukkot out of colored shapes of their choosing, and be able to explain their sukkah using Hebrew words (i.e. yesh li sukkah im arba malbenim humim, $v^{\prime}$ aleh etzim yarokim - I have a sukkah with 4 brown rectangles, and green leaves.)

## Materials needed:

Scissors (for students to cut out the shapes and colors)

Construction paper and markers to create additional colored shapes Tape or glue for them to make the shapes into a Sukkah

## Instructions:

Teachers are encouraged to give instructions in Hebrew about which shapes and colors are needed to make the sukkah. And/or students may make a sukkah and then tell their teacher what shapes and colors they used. The shapes and colors provided are examples but feel free to get creative with different shapes and colors using the attached vocabulary list. Encourage students to name shapes and colors as they use them.
